

Protect Your Workplace

As with any illness, preventing the spread of germs throughout your facility is critical to your occupants' health.

Are you looking to sanitize your work place before you and your employees could resume to work in the next few weeks? We are here to help!

This is one of the toughest times we have to get through. I am sure we will get through this and we will be back to normal. But, before we all could resume to work, your company and work place should be sanitized. We are here to help!

Some of the best everyday actions to help **prevent the spread of respiratory diseases, like COVID-19 (the disease caused by SARS-CoV-2), include:**

- Wash hands often with soap and water for at least 20 seconds
- Clean and disinfect frequently touched objects and surfaces
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash
- Use an alcohol-based hand sanitizer with at least 60% alcohol.

There are 2 reasons to clean. Clean for appearance or clean for health. If you clean for health that will take care of appearance. APEX Building Services will help you keep your facility **CLEAN!**

Call us for a free quote: how to **Clean, Sanitize and Disinfect** your facility! Using Victory Innovations System.
